

## Anchoring clamp for flat ADSS fiberoptic cables

ODWAT Anchoring clamps are applicable for flat ADSS cables (up to a maximum width 12mm and up to 4mm high). The clamp has 3 stainless steel elements which are resistant to harsh weather conditions and UV radiation.

### Technical Specification:

- Compact and compact stainless steel construction high quality and mechanical resistance as well as weather conditions, UV resistant
- Mechanical strength: 1.2kN
- A wide range of dimensions up to 12mm wide and 4mm high
- Tool-free assembly ensures fast and efficient installation

Name	Mn. breaking load [kN]	Cable diameter (mm)	Length (mm)	Weight [g]
I-ODWAT-22	1,2	12-4	220	50
I-ODWAT-22-L	1,2	12-4	280	70
