

FIBER OPTIC ADSS CABLE **HENGTONG** 24F, MULTITUBE (12F/Tube), DIAMETER 11.1 MM, G.652D, 4kN

**Technical data:**

- Optical fibers G.652D
- Number of fibers: 24
- Number of fibers in tube: 12
- Number of tubes/fillers: 2/4
- Tube/filler diameter: 2.4 mm
- FRP rod diameter: 2.6 mm
- Cable diameter: 11.1 mm
- Minimum bending radius: 110 mm
- Jacket thickness: 1.8 mm
- Outer jacket: HDPE - black
- Weight: 87 kg/km
- Operating temperature: - 40[°C] do 70[°C]
- Installation temperature: - 15[°C] do 50[°C]
- Tensile strength: 4kN
- Crush resistance: 1.5kN/10 cm

*Colors of fibers and tubes according to EIA/TIA-598*

**Features:**

- HDPE jacket (black)
- Multitube structure
- UV, water resistant
- Reinforced by aramid yarns
- Reinforced by central FRP rod
- Hydrophobic gel in tubes
- Ripcord: 2

**Application:**

- Aerial installations, span up to 150 metres
- Duct systems
